

Comparing Fractions on a Number Line

Use the number lines to solve the problems. Record your solution by using <, >, or =.

Ant C walked $\frac{2}{6}$ of the distance from 0 to 1 on the number line, and Ant D walked $\frac{2}{3}$ of the distance from 0 to 1. Who walked farther? Or did the ants walk the same distance? How do you know?

Compare $\frac{3}{4}$ and $\frac{6}{8}$ on the number line. Which fraction is greater? Or are the fractions equal? How do you know?
