

Student A

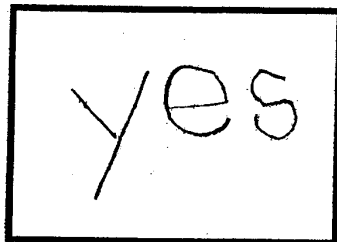

Is it a rectangle? Why or why not?

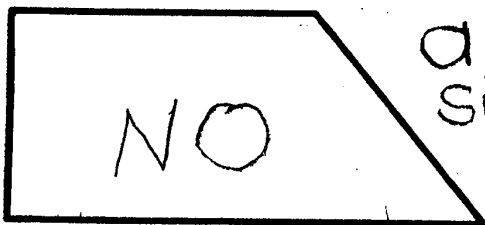

because a rectangle has 4 right angles

because a rectangle has 4 sides and 4 corners, this has 12.

because a rectangle is a 4 sided shape with 4 right angles.

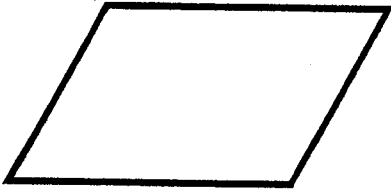

a rectangle has no slanty sides

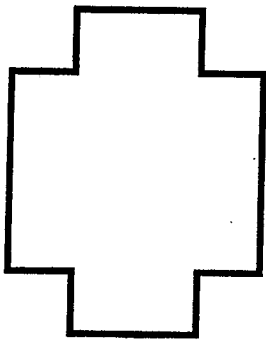

Student B

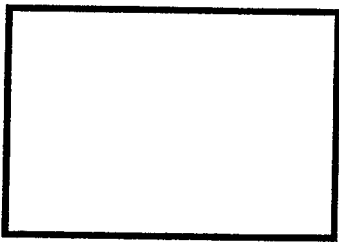

Is it a rectangle? Why or why not?

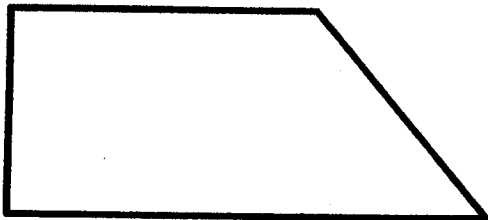

This is a ractangle because the to ends are the same and the top and the botum are the same.

This is not a ractangle because there is to many sidse.

This is a ractagle because it is shaped like a ractagle.

This is not a ractagle because the sids are not evin.
